- Ensure consent is always “yes”
- Free option available to all, with the option to purchase Annual or Lifetime Membership

# 24PETWATCH MICROCHIP FEATURES

- ISO compliant with ISO11784/85 and ICAR-assigned unique 15-digit microchip code
- Best in industry-standard glass-encapsulated chip with anti-migration coating
- Preloaded into a sterile double-beveled, silicone-coated needle
- Validated sterilization process – guaranteed sterile for five years
- 100% traceability – microchips are assigned at factory and always associated with implant facility
- 24PetWatch microchips come with barcode stickers, tag ring, and tag
- The tag also includes contact information for the 24PetWatch Lost Pet Services call center

## STANDARD CHIP (sChip)

- 12-gauge microchip
- Suitable for all applications
- Versatile/easy to use
- Environmentally friendly reusable injector to help reduce waste

## MINICHIP (mChip)

- 15-gauge MiniChip
- Ideal for use in cats, kittens, and small breed dogs
- Perfect for hard to handle or unpredictable animals; making implantation easier

## TEMPERATURE CHIP (tChip)

- 12-gauge microchip
- Provides added benefit of a non-invasive temperature reader
- Ideal for easy disease control and management, foster animals, and post-surgery cases
